The meeting was reconvened at 1:48 p.m. No action was taken.

ADMINISTRATIVE OFFICER'S REPORT – Alicia M. Thompson, DrPH, LMSW, Administrative Officer

- The Tribal Board of Health Member process is underway, with eligibility and selection details shared; the statute takes effect July 27, 2025, and start dates depend on the County's process.
- The Department of Health has received its funding awards; CDC awards are still pending. FPHS funding was reduced by \$150,000, with no staffing impact due to strategic budget adjustments.
- SRHD is covering reductions using \$25,000 in reinforcement capacity; underused funds from three streams will also be adjusted.
- Brick and mortar repairs are ongoing, with damaged materials being replaced and the project concluding with weather treatment of the building.
- Treatment Services reported a \$302,784 surplus through May, with increased client capacity and 982 individuals served.
- SRHD has expanded its insurance profile by adding Cigna and Aetna; finance is renegotiating contracts to support continued service growth.

FINANCIAL REPORT – Kim Kramarz, Controller

- The State Auditor's Office has begun the audit; planning documents will be shared by email, and board members may join the exit interview as needed, without forming a quorum.
- Work has begun on the 2026 budget, which will be presented at the September board meeting.
- The overall fund balance decreased by \$497,000, primarily due to timing of reimbursements under federal indirect grants, which are covered temporarily by unassigned funds.
- Unassigned reserves are currently at 24% (approximately \$13 million), exceeding the 20% target.
- The Board Emergency Reserve remains intact at \$4 million.
- Following today's Treatment Services approval, \$850,000 will be reallocated to the new reserve.

HEALTH OFFICER REPORT – Francisco Velázquez, MD, SM, FCAP, Health Officer

- Rabies and mammals that contract them and ways to report animal bites
- Pertussis will continue to be tracked internally; no regular updates will be provided unless there are major developments.
- Variant NB.1.8.1 is derived from Omicron, with the current dominant strain identified as the Nimbus variant.
- There have been 1,214 confirmed measles cases reported in 2025 across 36 jurisdictions.
- SRHD continues community collaboration efforts, including participation in Gabrielle's Challenge to highlight the agency's crisis response work.
- SRHD also presented to WAMOA and provided reminders about its role in pool and water safety through inspections and public education.

AGENCY REPORTS

- Melissa McDaniel provided a presentation on Spokane Regional Health District Community Health 2024 Accomplishments.

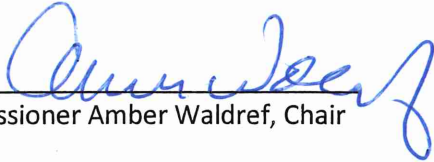

NEXT BOARD OF HEALTH MEETING

The next Board of Health meeting is scheduled at 12:30 p.m. on July 31, 2025.

ADJOURNMENT

There being no further business before the Board, the meeting was adjourned at 2:33 p.m.
