

School Advisory Committee – Membership Application

Spokane Regional Health District (SRHD) is accepting applications for a vacancy on its School Advisory Committee. The purpose of this committee is to advise SRHD’s School Health & Safety program on issues affecting Spokane County’s K-12 school-related community. Committee members act as liaisons between this community and SRHD.

The committee is comprised of ten members; one school district superintendent, one school district risk manager/safety officer (who is directly related to and responsible for student safety), one school district maintenance director/supervisor, one private/parochial school administrator, one private/parochial school safety representative (who is directly related to and responsible for student safety), one public school principal, one school nurse, one architect/engineer (with experience in K-12 school construction projects) and two SRHD representatives. **Committee members must be willing to serve a two-year term and must be able to attend four annual meetings, held the second Thursday of January, March, May, and October, from 1:00 – 2:30 p.m. Most, if not all, of the meetings are held virtually via Microsoft Teams. The current vacant positions are public district maintenance director/supervisor, private/parochial school administrator, and architect/engineer. The first term for this position runs from October 2024 through October 2026.**

Please read the mission statement below. If you are interested in serving on the committee, send a completed application to: Steve Main, Spokane Regional Health District, 1101 W. College Ave., Suite 402, Spokane, WA 99201-2095, smain@srhd.org (fax 509.324.3603). Current advisory committee members will make selections from the applications. Learn more about SRHD’s K-12 School Health and Safety program at <http://www.srhd.org/schoolinspection>.

Mission Statement: The School Advisory Committee, a cooperative effort between Spokane Regional Health District and the school-related community, will assist the Health District in the development of policies and procedures related to the Health District’s K-12 School Health and Safety program, including inspection frequency/content and the costs involved, training, compliance recommendations, and the development of educational materials.
